Pensili

La gamma dei pensili viene arricchita da nuove modularità: L45 e L60 in altezza 96 e 128 cm oltre a L30 e L45 in altezza 160 cm, queste ultime disponibili a giorno, con anta intera e anta spezzata.

The range of wall units is enriched with new modularity: W45 and W60 in heights 96 and 128 cm, in addition to W30 and W45 with height 160 cm, the latter are available as open elements, with full-length door and split door.

Anta telaio Window

L'anta telaio Window è disponibile in due diverse finiture, Alluminio e Titan grey.

The Window frame door is available in two different finishes, Alluminio and Titan grey.

Pannelli attrezzati Strip

Il pannelli attrezzati Strip, disponibili anche con fianco laterale sia a destra che a sinistra, sono caratterizzati da una fascia metallica verticale che può essere realizzata nelle finiture Bianco opaco e Grigio titanio.

The Strip equipped panels, also available with right- or left-hand sides, are characterised by a vertical metal strip that can be developed in the Bianco opaco and Grigio titanio finishes.

Cubolotti Tixe

I cubolotti Tixe sono composti da una lamiera perimetrale, che può essere realizzata nelle finiture Bianco opaco e Grigio titanio, e da schienale in pannello. La loro modularità permette di creare composizioni sempre diverse accostando più elementi in modo creativo.

The Tixe cubes are composed of sheet metal sides available in the Bianco opaco and Grigio titanio finishes, and a back panel. Their modular layout means they can be arranged in lots of different ways, juxtaposing multiple elements in a creative composition.
