Price list
June 2024

Tutti i nostri pannelli di particelle nobilitati sono a basso contenuto di formaldeide, conformi ai limiti di emissione previsti dal U.S. EPA TSCA Title VI (CARB P2).

Tutti i nostri pannelli di particelle nobilitati provengono da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici a dimostrazione di un attivo contributo alla gestione forestale responsabile.

Tutte le misure all'interno del listino sono espresse in centimetri se non diversamente indicato.

All of our melamine-faced particleboard panels have a low formaldehyde content, in compliance with the U.S. EPA TSCA Title VI (CARB P2) emission limits.

All of our melamine-faced particleboard panels are sourced from forests that are properly and responsibly managed in accordance with strict environmental, social and economic standards, demonstrating our active contribution to responsible forest management.

All measurements in the price list are in centimetres unless otherwise stated.

Compilazione degli ordini con "TGeo - METRON4 - MULTISTANZA"

Compilation of orders with "TGeo - METRON4 - MULTI-ROOM"

Utilizzare il Colombini Software System permette di:

- Generare preventivi e disegni chiari e corretti.
- Disegnare un'ambientazione reale della composizione.
- Progettare rapidamente un appartamento con tutte le collezioni del Gruppo Colombini.
- Creare progetti che sanno emozionare.
- Ridurre i tempi per lo sviluppo e invio ordini alla Colombini S.p.A.
- Utilizzare lo stesso programma impiegato in Colombini S.p.A.
- Spedire gli ordini tramite Internet garantendone la tracciabilità.
- Disporre dei listini elettronici aggiornati in tempo reale.
- Organizzare in modo flessibile e personalizzato i propri progetti.

Le immagini e i prezzi hanno valore puramente illustrativo.

With the Colombini Software System you can:

- Generate clear, accurate cost estimates and drawings.
- Draw a real rendering of the composition.
- Quickly design an apartment with all the Colombini Group collections.
- Create exciting designs.
- Cut times for developing orders and dispatching them to Colombini S.p.A.
- Use the same programme as Colombini S.p.A. itself.
- Send orders by Internet, with traceability ensured.
- Access electronic price-lists updated in real time.
- Organise your projects in a flexible way, customised to your needs.

Illustrations and prices are purely guidelines.

TESSUTO
FABRIC
JENNY
RV24JN

Idrorepellente antimacchia. Grazie a tale trattamento, i liquidi o le sostanze che accidentalmente possono cadere sul rivestimento, non penetrano nel tessuto e non vengono assorbiti dalla gomma del cuscino. Nel caso si versi accidentalmente una soluzione acquosa (acqua, vino, caffè, bibite, ecc.) è sufficiente asciugare con un panno asciutto o carta assorbente. Nel caso in cui il liquido sia rimasto a lungo sul tessuto o abbia subito una eccessiva pressione, dopo aver asciugato, sarà necessario strofinare leggermente con una spugna umida non abrasiva. Nei casi più gravi si potrà utilizzare sapone neutro, successivamente da risciacquare.

Water-repellent stain. Thanks to this treatment, liquids or substances that may accidentally fall on the coating, will not penetrate into the fabric and will not be absorbed by the rubber in the cushion. In case you accidentally spill a watery solution (water, wine, coffee, soft drinks, etc.) it is enough to dry it with a dry cloth or paper towels. In the case the substance remains on the fabric for a prolonged amount of time or has suffered excessive pressure, after having been dried, you will need to rub gently with a damp non-abrasive sponge. In severe cases, you can use mild soap, subsequently rinse afterwards.

Ignifugo CLASSE 1 (UNO)
Fireproof 1 CLASS (ONE)

Consegna 4 settimane circa dal ricevimento dell'ordine.
Delivery approximately 4 weeks from order receipt.

Il rivestimento, al momento del disimballo o in seguito ad un utilizzo anomalo, potrebbe presentare delle vistose macchie o righe dovute allo schiacciamento delle fibre. Utilizzare una spazzola con setole morbide per riportarlo alla naturalezza originaria.
At the time of unpacking or following incorrect use, the covering may display visible blotches or lines caused by crushed fibres. Use a brush with soft bristles to return the cover to its original appearance.

Caratteristiche

Characteristics

- Importante:**
- Fianco centrale, cappello, fondo e ripiani in finitura Rovere white (RW3Q), schiena in finitura tinta unita abbinabile.
 - Sono strutture posizionabili solo a terra.
 - Sono dotate di piedini regolabili.
 - I fianchi sono predisposti per il montaggio della ferramenta di ante, cassetti, ripiani.
- Dotazione interna:**
- Gli elementi a giorno sono dotati di ripiani ogni 32 cm.
 - Negli armadi in corrispondenza di ante H 224 e H 256 sono presenti 1 ripiano interno e 2 tubi appendi abiti.
 - Negli armadi con ante H 96, 128, 160 e 192 è presente un tubo appendiabiti.

- Important:**
- Middle panel, top, bottom panel and shelves in Rovere white (RW3Q) finish, back in matching solid color finish.
 - These structures can only be placed on the ground.
 - They are fitted with adjustable feet.
 - The side panels are prefitted to take the hardware of doors, drawers, shelves.
- Element equipment:**
- Open elements are fitted with shelves every 32 cm.
 - In the wardrobes in correspondence of doors Ht 224 and Ht 256 there are 1 inner shelf and 2 clothes hanging bars.
 - In the wardrobes in correspondence of doors Ht 96, 128, 160, and 192 there is 1 clothes hanging bar.

Utilizzata per:

Caratteristiche

Characteristics

Importante:

- Cappello, fondo e ripiani in finitura Rovere white (RW3Q), schiena in finitura tinta unita abbinabile.
- Sono strutture posizionabili a terra con l'utilizzo di piedi oppure di una base Sp 2,5 dotata di piedini "salva-mobile" H 0,5.
- Ogni struttura è completa di 2 fianchi perfettamente a filo di cappello e fondo. Gli elementi L 120 sono dotati di un divisorio verticale interno Sp 2,5.
- Le strutture possono essere posizionate l'una sull'altra e completate con un top. Composizioni di più elementi possono avere il top e la base interi (L 360 max).
- I fianchi sono predisposti per il montaggio della ferramenta di ante, cassetti e ripiani.
- Vengono forniti montati.

Dotazione interna:

- Tutti gli elementi sono dotati di ripiani interni ogni 32 cm.

Utilizzata per:

COMPONIBILI

L 45 - 60 - 90 H 32 - 64 - 96 - 128 (esclusi top, base, piedi)
L 120 H 32 (esclusi top, base, piedi)
P 45,8

Important:

- Top, bottom panel and shelves in Rovere white (RW3Q) finish, back in matching solid color finish.
- These structures can be positioned on the floor with use feet or base Th 2,5 with feet "save-furniture" Ht 0,5.
- Each structure is complete with 2 sides which finish flush with top and bottom. The W 120 elements are equipped with an internal vertical divider Th 2,5.
- Structures can be positioned one on top of the other and completed with top. A composition of multiple units can share same top and bottom (W 360 max).
- Side panels are prefitted to take the hardware of doors, drawers and shelves.
- Elements are supplied assembled.

Internal equipment:

- All items come with inner shelves every 32 cm.

Dimensioni disponibili
Dimensions available

- Ante**
- Sono fornite con preforo per maniglia.
 - Su richiesta possono essere dotate di rallentatori di chiusura (con sovrapprezzo).
 - Riducibili in altezza e in larghezza.

- Doors**
- Supplied with semi-cut hole for handle.
 - Can be fitted with closing retainers on request (with surcharge).
 - Can be reduced in height and width.

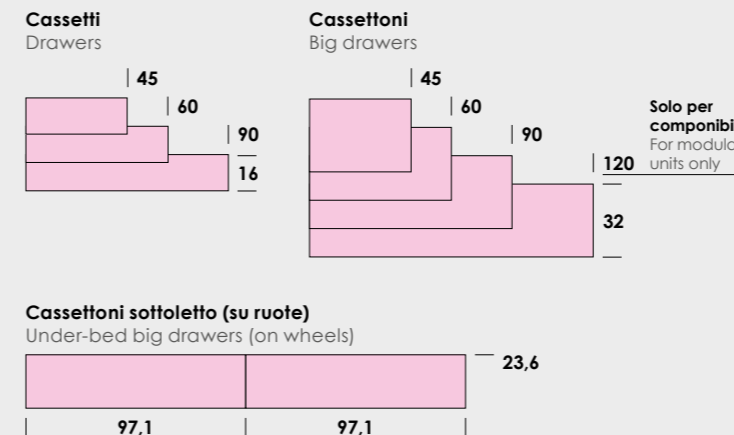

- Ante specchio**
- Specchio Sp 4 mm applicato su pannello in nobilitato Sp 1,8.
 - Sono dotate di pomello SEM.
 - Su richiesta possono essere dotate di rallentatori di chiusura (con sovrapprezzo).
 - Non sono ammesse riduzioni dimensionali.

- Mirror doors**
- Mirror Th 4 mm applied on melamine-coated panel Th 1.8.
 - Equipped with SEM knob.
 - Can be fitted with closing retainers on request (with surcharge).
 - Size reductions are not permitted.

- Cassetti/cassettoni**
- Sono forniti con preforo per maniglia.
 - Guide scorrevoli metalliche regolabili in altezza.
 - Su richiesta, con sovrapprezzo, possono essere dotati di rallentatori di chiusura o, esclusivamente nei cassetti/cassettoni componibili, di guide tipo "Quadro" regolabili in altezza, rallentate o push-pull; in questo caso l'interno cassetto sarà in finitura Charm.
 - I cassettoni L 120 sono costituiti da frontale unico con doppio girocassetto e dotati di guide tipo "Quadro" di serie.
 - Non sono ammesse riduzioni dimensionali.

- Drawers/big drawers**
- Supplied with semi-cut hole for handle.
 - Sliding metal runners adjustable in height.
 - Upon request, at a surcharge, they can be equipped with slow-closing devices or, exclusively in drawers/drawers for modular units, with "Quadro" type guides adjustable in height, slowed down or push-pull; in this case the inside of the drawer will be in Charm finish.
 - The W 120 drawers consist of a single front with double drawer surround and are equipped with "Quadro" type guides as standard.
 - Size reductions are not permitted.

- Ante vasistas/ribalta**
- Sono fornite con preforo per maniglia.
 - Solo per Componibili e Pensili.
 - Non sono ammesse riduzioni dimensionali.

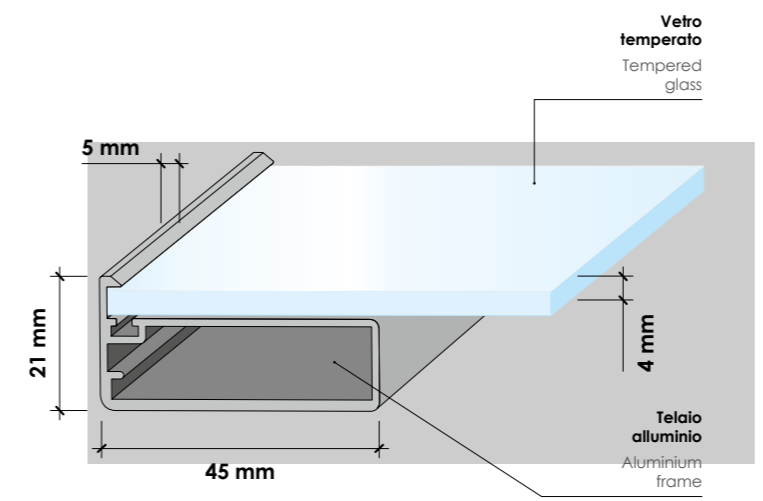

- Lift up/pull-down doors**
- Supplied with pre-cut hole for handle.
 - For Modular units and Wall units only.
 - Size reductions are not permitted.

VOLO

Dimensioni anta porta TV: L 89,7 - H 63,6 - Sp 1,8; portata massima 6 Kg.
L'anta porta tv è dotata di: apertura push-pull, foro passacavi e copriforo Ø 8.
Nelle versioni con vano a giorno è presente 1 copriforo per passacavi Ø 8 aggiuntivo, in modo da consentire il passaggio dei vari cablaggi dal vano a giorno al vano porta tv; il foro sul ripiano è a cura del cliente.

TV door dimension: L 89,7 - H 63,6 - Th 1,8; maximum load capacity 6 Kg.
The TV door is equipped with: push-pull opening, cable hole and hole cover Ø 8.
In the versions with open compartment there is an additional hole cover for Ø 8 cables, in order to allow the passage of the various wiring from the open compartment to the TV compartment; the hole on the shelf has to be made on site.

Esempi di utilizzo

Use example

⚠️ DOPPIO FIANCO: Gli armadi affiancati alla cabina ad angolo devono essere completi di fianco iniziale/fianale.

DOUBLE SIDE PANEL: Wardrobes flanked by corner walk-in wardrobe must be complete with initial/end unit side panel.

È dotata di un Ripiano interno con appendiabiti, di un Tubo appendiabiti LUNGO e di uno CORTO.

Walk-in wardrobe is fitted with a inner shelf with Clothes hanging rail, with a LONG clothes hanging rail and with a SHORT one.

Gli armadi L 30/45/60 affiancati alla cabina ad angolo, devono avere le cerniere rivolte verso la cabina. Non è possibile posizionare un letto, un divano o altri elementi con profondità superiore a 56,3 accanto ad una cabina ad angolo.

IMPORTANTI! Consigliamo l'utilizzo della cabina ad angolo affiancata, su entrambi i lati, ad un armadio o un altro elemento che contribuisca alla sua stabilità.

W 30/45/60 wardrobes flanked by corner walk-in wardrobe must have their hinges in the direction of the walk-in wardrobe. It is not possible to place a bed, a sofa or other items more than Dpt 56.3 beside a corner walk-in wardrobe.

IMPORTANTI! We recommend that the corner walk-in wardrobe is, on both sides, supported by a wardrobe or another element that will contribute to its stability.

DOPPIO FIANCO: Gli armadi affiancati all'angolo ad angolo devono essere completi di fianco iniziale/finale.
DOUBLE SIDE PANEL: Wardrobes flanked by corner wardrobe must be complete with initial/end unit side panel.

Esempi di utilizzo
Use example

Per la totale apertura delle ante si consiglia di affiancare all'angolo elementi L 30/45/60 con cerniere rivolte verso l'angolo e/o elementi L 90 sprovvisti di cassetti.
Per il posizionamento di elementi di profondità superiore a 56,3 (es. letto, divano, etc.) accanto ad un angolo intero, rispettare le distanze minime indicate.

So as to be able to open the doors fully we recommend placing W 30/45/60 elements in the corner with the hinges facing the corner itself and/or W 90 elements without drawers.
For the positioning of elements that are of greater depth than 56,3 (bed, sofa, etc.) alongside corner wardrobe must respect the minimum distances indicated above.

- **3** STRUTTURA: Micro-molle insacchettate (densità circa 1600 molle, nella versione matrimoniale) a movimento indipendente con strato di poliuretano alto spessore con profilo ad ondine sui due lati.
- PORTANZA: Medio-alta.
- SPESSORE: H cm. 23 ca.

SALINA

Materasso pocket memory
Mattress pocket memory

- TESSUTO: Elasticizzato con trattamento allergico Aloe Vera. Fisso.
- IMBOTTITURA: Lato invernale/estivo: doppio strato di 100% pura fibra PolyFill anallergica ad alta traspirazione.
- STRUTTURA: **1** Molle insacchettate a zone differenziate (circa 800/1000 molle nella versione matrimoniale) a movimento indipendente. **2** Strato di Termo Visco Memory H 3 cm (su un lato) con profilo ad ondine multizona e strato di EcoFoam H 2,5 cm ca con profilo multizona (su un lato).
- PORTANZA: Media-alta.
- SPESSORE: H 23 cm ca.

PALMAROLA

Materasso high comfort memory
Mattress high comfort memory

- TESSUTO: Elasticizzato con trattamento allergico Aloe Vera. Cover sfoderabile e lavabile in acqua 30° C.
- IMBOTTITURA: Lato invernale/estivo: doppio strato di 100% pura fibra PolyFill anallergica ad alta traspirazione.
- STRUTTURA: **1** Strato di Termo Visco Memory (termosensibile - viscoelastico) H 5 cm multizona (lato invernale); **2** Strato centrale in EcoFoam (poliuretano a cellula aperta, schiumato ad acqua) ad alta portanza, con profilo ad ondine **3** Strato di EcoFoam Alta elasticità H 2 cm (lato estivo).
- PORTANZA: Differenziata sui due lati.
- SPESSORE: H 22 cm ca (lastra spessore 19 cm ca).

PONZA

Guanciale
Pillow

- TESSUTO: Fisso puro cotone 100%.
- STRUTTURA: Anima in fibra anallergica, antipolvere.
- LAVABILITÀ: Interamente lavabile in acqua a 30°C.
- DIMENSIONI IN cm: 80 x 50 x 10 ca.
- Guanciale in fibra anallergica. Ideale per chi gradisce un cuscino di buona consistenza e di media altezza, per tutti. L'imbottitura in fibra anallergica a struttura cava a 3 vie permette la massima circolazione d'aria, senza infeltrire e rimanendo morbida e confortevole nel tempo.
- FABRIC: Fixed, 100% pure cotton.
- STRUCTURE: Anti-allergy, dust-proof fibre core.
- WASHABILITY: Completely washable in water at 30°C.
- DIMENSIONS IN cm: 80 x 50 x 10 approx.
- Anti-allergy fibre pillow. Ideal for those who prefer a medium-high, firm pillow, suitable for all. The anti-allergy three-way hollow fibre filling allows excellent air circulation without felting, and stays soft and comfortable over time.

COMPONENTI

Tutti i componenti sono retro finiti.
I fianchi hanno foratura personalizzata con passo per ripiani a 32 cm; su richiesta è possibile il posizionamento a 16 cm.
Il posizionamento della ferramenta è personalizzato in base alla posizione dei componenti.
La schiena, in luce rispetto ai fianchi, può essere inserita all'interno della struttura frontalmente (in caso di libreria a muro) o dal retro (in caso di libreria a centro stanza).
Le ante sono dotate di cerniere decelerate.
Le ante vasistas/ribalta sono dotate di cerniere a scomparsa e braccio di tipo meccanico modello snodo.
Le ante possono essere dotate di apertura PUSH-PULL.
I Cassetti sono dotati di guide metalliche di tipo "QUADRO" a chiusura rallentata regolabili in altezza con interno in finitura CHARM.
I ripiani in legno e vetro, per libreria con schiena, possono essere dotati di illuminazione.
Ripiani in vetro temperato secondo la norma UNI EN 12150-1.

NOTE DI SICUREZZA

Tutte le librerie vengono sempre fornite di piastrino per l'ancoraggio a muro ma non di tasselli fisher per il fissaggio del piastrino a parete. La scelta del tipo di tassello da utilizzare dovrà essere fatta dal montatore sulla base delle caratteristiche della parete.
Ancoraggio obbligatorio a parete o a soffitto per garantire la stabilità.

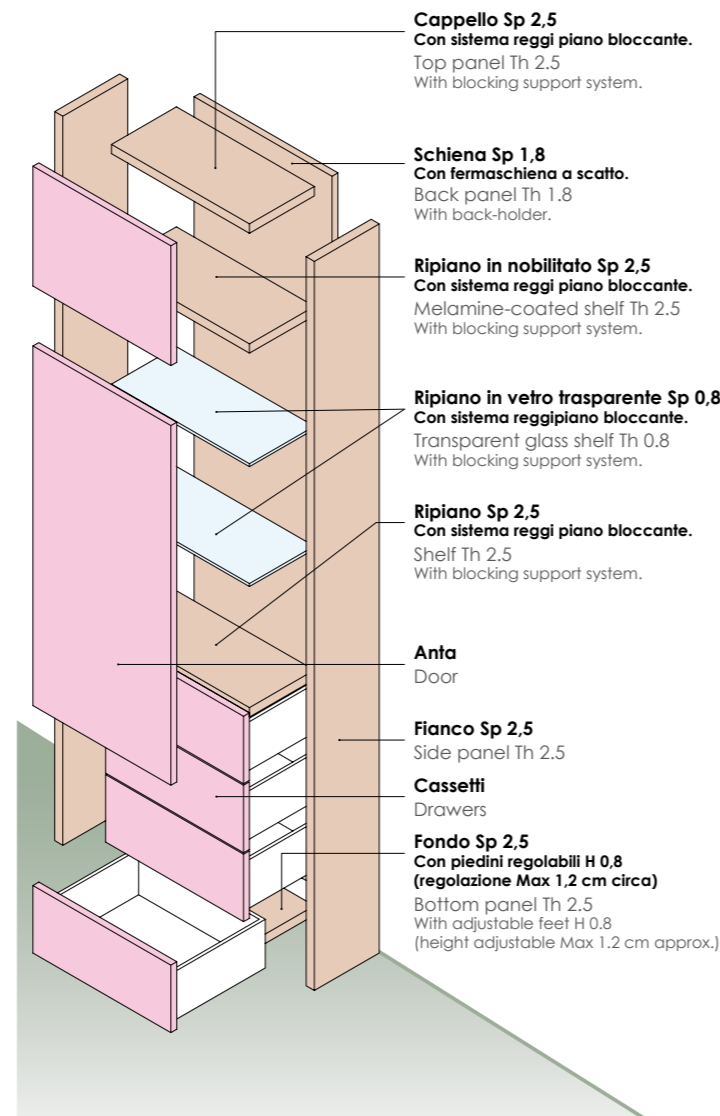

COMPONENTS

The back of each component is properly finished.
Side panels have customized holes for shelves every 32 cm; upon request holes can be done every 16 cm.
The hardware is placed in a personalized fashion according to the position of the components.
The back panel, in between the side panels, can be assembled frontally (if it's for wall bookcase) or from the back (if it's for a centrally-positioned bookcase).
The doors are equipped with hinges decelerate.
The vasistas/folding doors are provided with concealed hinges and joint lid stay arm.
The doors are also available with PUSH-PULL.
Drawers are provided with "QUADRO" metal runners which have adjustable height and soft close system with interior CHARM finish.
An illumination system can be assembled on wood or glass shelves of bookcases with back panel.
The tempered glass shelves comply with the UNI EN 12150-1 standard.

SAFETY NOTES

Each bookcase is provided with a metal plate for wall fixing, but not with the hardware for the wall positioning of the plate. The choice of hardware depends on the wall conditions and should be made by the assembler.
Fixing to wall or to ceiling is required to guarantee stability.

LIBRERIA A TERRA
SELF STANDING BOOKCASE

LIBRERIA CON SCHIENA
Ancoraggio obbligatorio a parete o a soffitto per garantire la stabilità.
Le librerie con schiena proposte a listino prevedono lo schienale intero a tutta altezza.

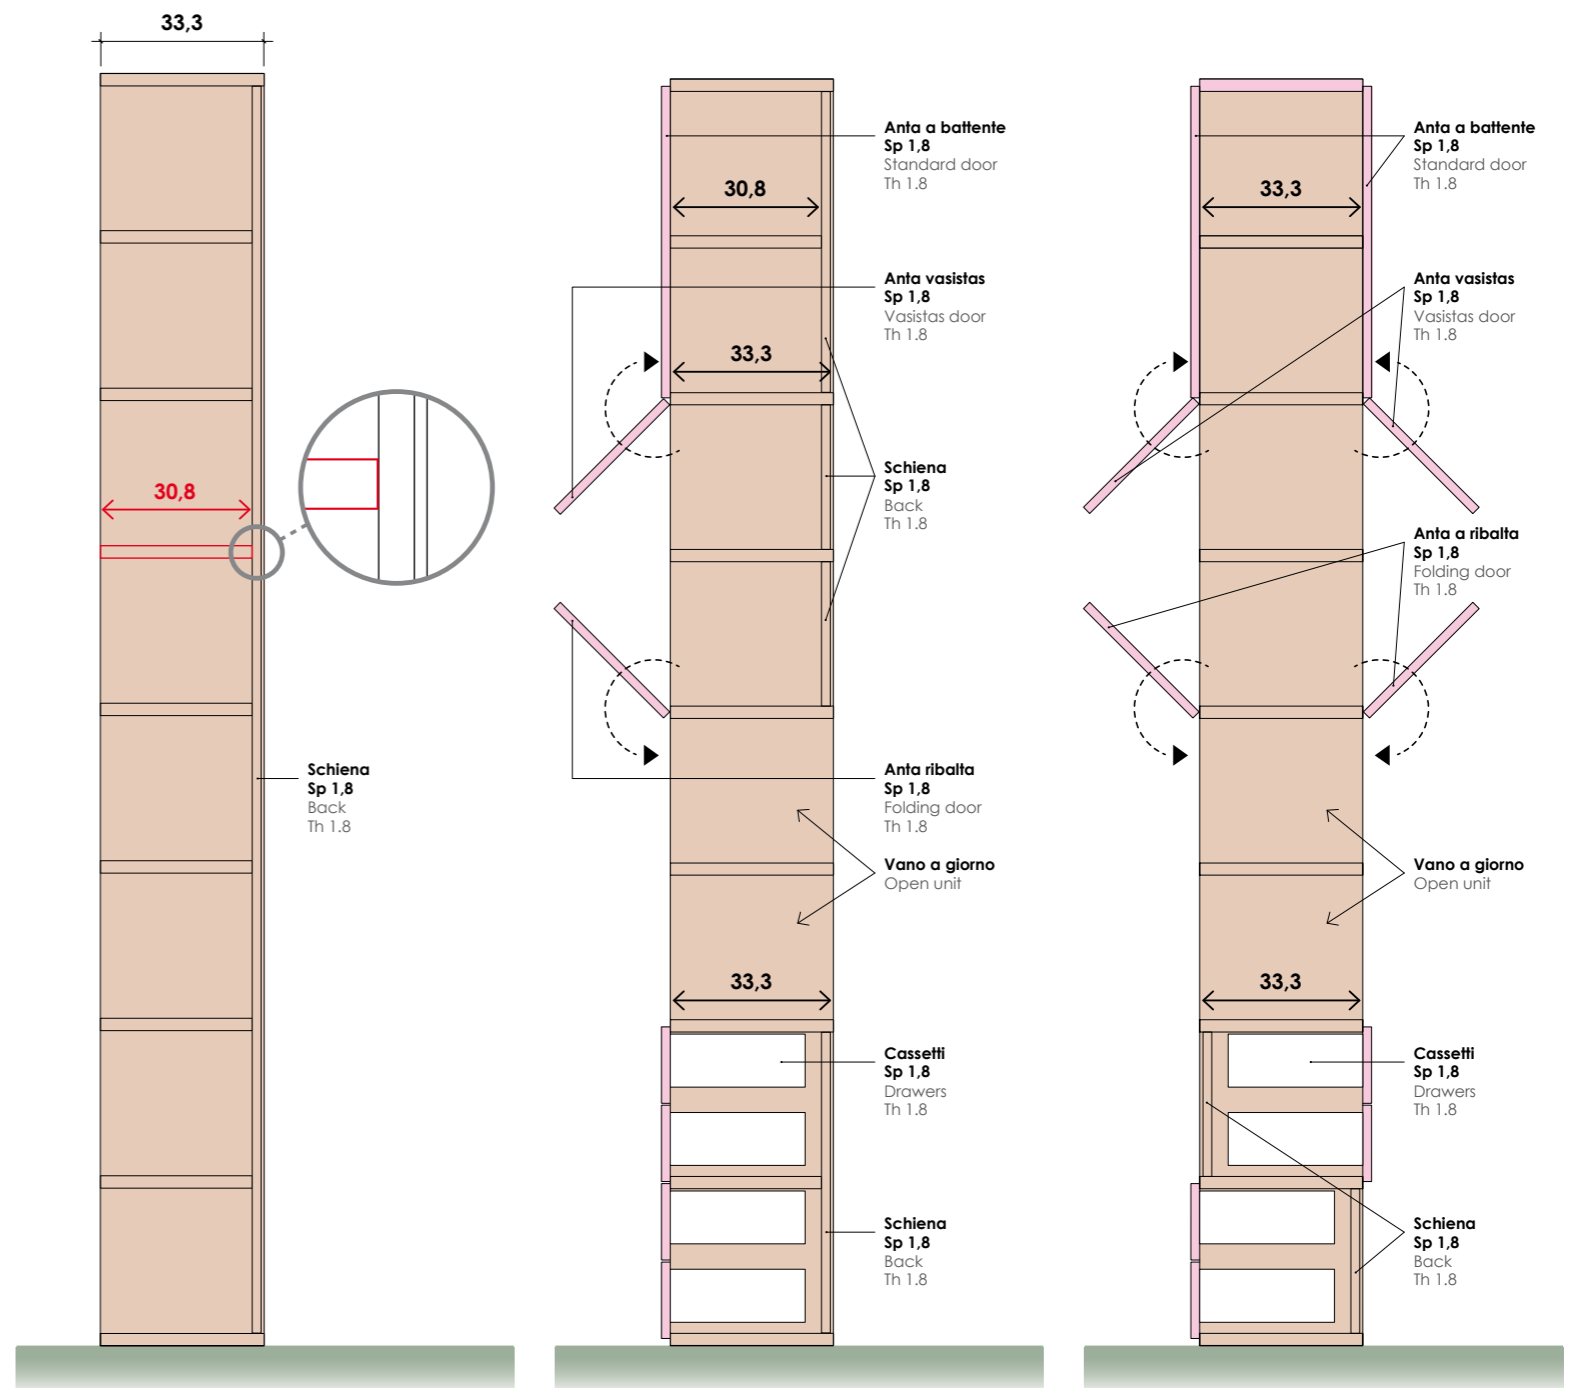

BOOKCASE WITH BACK PANEL
Fixing to wall or to ceiling is required to guarantee stability.
The bookcases with back panel proposed in the price list include a all in one and full height back panel.

LIBRERIA PASSANTE
Ancoraggio obbligatorio a parete o a soffitto per garantire la stabilità.
Sono attrezzabili con ante battenti, cassette, ribalte e vasistas.
Vani a giorno bifrontali.
Vani con frontali accessibili solo da un lato.
Sono composte da ripiani P 33,3; in corrispondenza di vani chiusi con schiena da ripiani P 30,8.

PASS-THROUGH BOOKCASE
Fixing to wall or to ceiling is required to guarantee stability.
They can be equipped with hinged doors, drawers, bottom-hinged doors and top-hinged doors.
Two-sided open compartments.
Compartments with only one accessible side.
They are composed of Dpt 33.3 shelves; where the compartment is closed with back panel, the shelves assembled are Dpt 30.8.

LIBRERIA BIFACCIALE
Ancoraggio obbligatorio a parete o a soffitto per garantire la stabilità.
Sono composte interamente da ripiani P 33,3.
Sono attrezzabili con ante battenti, cassette, ribalte e vasistas.
Vani a giorno bifrontali.
Vani con frontali accessibili da entrambi i lati, ECCETTO vani attrezzati con cassette accessibili solo da un lato e sempre dotati di schiena.
Non disponibile su Angoli e Terminali.

TWO-SIDED BOOKCASE
Fixing to wall or to ceiling is required to guarantee stability.
They are entirely composed of Dpt 33.3 shelves.
They can be equipped with hinged doors, drawers, bottom-hinged doors and top-hinged doors.
Two-sided open compartments.
Both side accessible compartments, EXCEPT for those which have drawers which are accessible only from one side and have always back panel.
Not available on Corner units and End units.

LARGHEZZE E PROFONDITÀ

WIDTH AND DEPTH

ALTEZZE
Il posizionamento standard del ripiano è a passo 32 cm. A richiesta c'è la possibilità di inserire un ripiano a passo 16 cm. Altezze comprensive di piedino regolabile H 0,8 cm.

HEIGHT
The standard distance between each shelf is 32 cm. Upon request, shelves can be positioned every 16 cm. Ht 0.8 cm adjustable foot included in heights.

ALCUNI ESEMPI DI COMPONIBILITÀ

SOME COMPOSITION EXAMPLES

DISTANZE MINIME PER IL MONTAGGIO

MINIMUM DISTANCES FOR ASSEMBLING

RIPIANO IN LEGNO CON LUCE LED
L'illuminazione per ripiano in legno è costituita da una strip led (60 led/mt) posizionata nella parte retro del ripiano. Lunga come tutto il ripiano, permette di illuminare riflettendosi nella schiena sia il vano superiore che inferiore. La tipologia di illuminazione è naturale. Si consiglia l'utilizzo di tale tipologia di illuminazione in presenza di schiena. Viene fornito un alimentatore (con sovrapprezzo) in grado di sostenere da 1 a 6 ripiani L 45/60 o da 1 a 4 ripiani L 90.

WOODEN SHELF WITH LED LIGHT
The wooden shelf light is a led strip (60 led/m) assembled on the back side of the shelf. The strip shares the same length with the shelf and by reflecting the light on the back panel, it enlightens the compartments above and below. The colour tone of the LED strip is natural. We recommend using this type of light system when there is a back panel. We provide a power pack (with a surcharge) able to support from 1 to 6 shelves W 45/60 or from 1 to 4 shelves W 90.

RIPIANO IN VETRO TRASPARENTE CON LUCE LED
L'illuminazione per ripiano in vetro è costituita da un profilo in PVC con strip led (60 led/mt), posizionata nella parte retro del ripiano. Lunga come tutto il ripiano, permette di illuminare riflettendosi nella schiena sia il vano superiore che inferiore, ma anche frontale. La tipologia di illuminazione è naturale. Si consiglia l'utilizzo di tale tipologia di illuminazione in presenza di schiena. Viene fornito un alimentatore (con sovrapprezzo) in grado di sostenere da 1 a 6 ripiani L 45/60 o da 1 a 4 ripiani L 90.

TRANSPARENT GLASS SHELF WITH LED LIGHT
The glass shelf light system consists in a PVC profile with led strip (60 led/m) assembled on the back side of the shelf. The strip shares the same length with the shelf, it gives a front lighting and by reflecting the light on the back panel, it enlightens the compartments above and below. The colour tone of the LED strip is natural. We recommend using this type of light system when there is a back panel. We provide a power pack (with a surcharge) able to support from 1 to 6 shelves W 45/60 or from 1 to 4 shelves W 90.

FARETTO LED
La tipologia di illuminazione è naturale. Viene fornito un alimentatore (con sovrapprezzo) in grado di sostenere da 1 a 6 faretti. Si consiglia l'utilizzo di tale tipologia di illuminazione nel cappello. I faretti vengono posizionati nel modo sotto indicato (cablaggi a vista).

LED SPOTLIGHT
The colour tone of the LED strip is natural. We provide a power pack (with a surcharge) able to support from 1 to 6 spotlights. We recommend using this type of light system only on top panel. Spotlights are assembled as showed below (wiring in sight).

INTERRUTTORE

L'accensione di tali ripiani può avvenire in 2 modi:
ON/OFF SWITCH

The on/off switching of the shelves can be done in 2 different ways:

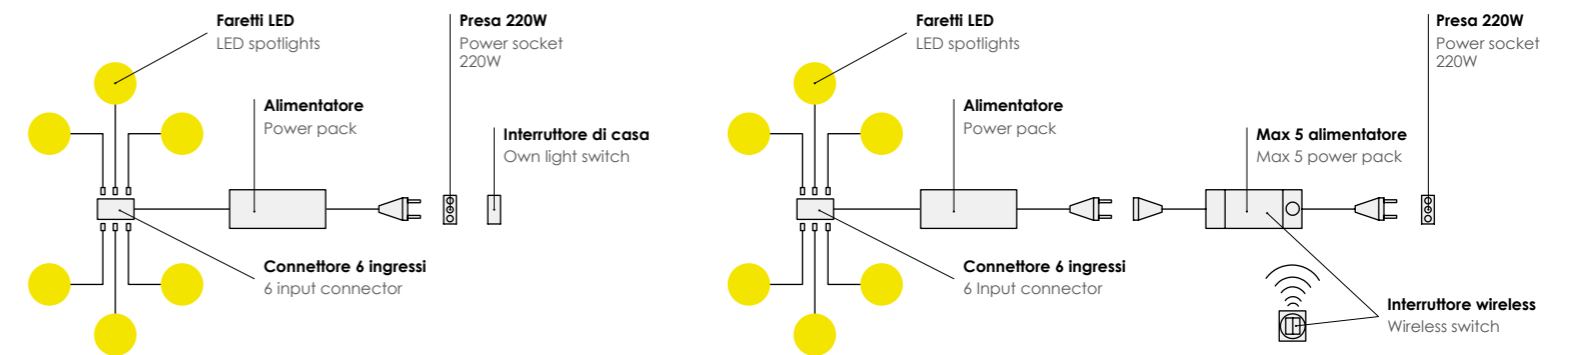

1) Collegando l'alimentatore alla spina di casa, usando come accensione l'interruttore di casa.

By connecting the power supply unit to your home electrical system and using your own standard power switch.

2) Ordinando un interruttore wireless presente nel listino.

Tale interruttore permette l'accensione o spegnimento di tutti i punti luce presenti nella libreria, contemporaneamente, sino ad un massimo di 30 ripiani o faretti.

By ordering our wireless on/off switch from catalogue. This switch allows you to turn on or off all the LED lights in the bookcase, up to a maximum of 30 shelves or spotlights.

Libreria INFINITY - Ante e cassetti

INFINITY bookshelf - Doors and drawers

- Sono dotate di cerniere decelerate.
- Le ante VOLO sono disponibili anche con apertura push-pull.
- Su richiesta le ante VOLO possono essere fornite senza maniglia e senza fori maniglia.

- The doors are equipped with hinges decelerate.

Scheda prodotto

Product information

DESCRIZIONE DEI MATERIALI:

STRUTTURA (fianchi, cappelli, ripiani, piani lavoro, mensole): Realizzata con pannelli di particelle di legno Sp 18, 25 o 35 mm, con basso contenuto di formaldeide (CARB P2), nobilitati 2 lati con superficie melamminica. Bordi: in ABS o polipropilene (Sp da 0,5 a 2 mm) o in decorativo (Sp 0,4 mm).

SCHIENALI INTERNI - FONDINI CASSETTI: Pannelli in fibra ad alta densità (HDF) Sp 3 mm, con un lato trattato con laccatura superficiale o applicazione di carta stampata effetto legno.

ANTE A BATTENTE E FACCIATA CASSETTI "VOLO": In pannelli di particelle di legno Sp 18 mm con basso contenuto di formaldeide (CARB P2), nobilitati 2 lati rivestiti con decorativo melamminico. Finitura perimetrale ottenuta con applicazione di bordo in ABS Sp 0,8 mm. Rallentatori di chiusura ante a battente opzionali. Versione con specchio: specchio Sp 4 mm incollato al pannello con biadesivo.

ANTE A BATTENTE "WINDOW" CON VETRO

Montanti e traversi in trafilato di alluminio, anodizzato o anodizzato in elettrocolore. Vetro temperato e specchio Sp 4 mm. Rallentatori di chiusura ante a battente opzionali.

ANTE SCORREVOLI: In pannello: Realizzata in pannelli di particelle di legno con basso contenuto di formaldeide (CARB P2), nobilitati sui 2 lati con superficie melamminica Sp 18 mm. **Versione a specchio:** con specchio Sp 4 mm incollato al pannello e cornice di fissaggio superiore ed inferiore in metallo verniciato con polveri epossidiche o rivestito con decorativo. **Maniglioni laterali:** in alluminio anodizzato, verniciato o rivestito con decorativo, con tiranti di regolazione interni.

ANTA SCORREVOLE (binari e carrucole): Struttura metallica con regolazioni altezza di scorrimento. Rallentatori in chiusura e apertura opzionali.

COMPONENTI PER TESTATE E PEDIERE LETTI: Pannelli vedi "STRUTTURA". Particolari in legno di faggio o aioux tinti o laccati o MDF rivestito con decorativo.

MATERASSI IN SPUGNA: Poliuretano espanso rivestiti in tessuto (vedi specifiche all'interno del listino).

MATERASSI A MOLLE OPPURE IN LATTICE: vedi specifiche all'interno del listino.

RETI: Struttura in metallo verniciato con vernici liquide o epossidiche, doghe in multistrato di betulla.

CUSCINI POGGIASCHIENA: Imbottitura in fibra poliestere vergine. Rivestimento interno 100% poliestere; Rivestimento esterno vedi specifiche all'interno del listino.

TAVOLI: Con piani e allunghe in particelle di legno, con basso contenuto di formaldeide (CARB P2) nobilitati 2 lati, rivestiti con decorativo melamminico e bordi in testa in ABS Sp 0,8 mm. Basamento in particelle di legno, nobilitato 2 lati Sp 25 mm. Gambe in faggio tinte legno o laccate.

MANIGLIE: Maniglie in legno: faggio o frassino tinti legno. Maniglie in materiale plastico: ABS laccato o elastomero. Maniglie in metallo: zama o alluminio anodizzato.

SEDIE LEGNO: Struttura in faggio tinto legno o laccato. Fondino in tessuto o faggio laccato.

SEDIE METALLO: Struttura in metallo verniciato. Scocca, schienale e fondino in polipropilene stampato nei vari colori.

ELEMENTI PORTANTI IN METALLO (gambe, travi, scrivanie, reggi mensole, ecc.): Acciaio verniciato a polveri epossidiche. Montanti sistema "EASY" in alluminio con cremagliera.

ALTRI PARTICOLARI: Cerniere, serrature e ferramenta varia per assemblaggio in metallo. Guide cassette in metallo. Piedini armadi in metallo (regolabili) o plastica (fissi). Spondine cassette in pannelli di particelle di legno (CARB P2) rivestite in PVC. Ripiani in vetro temprato trasparente. Reggi pensili in lamiera zincata con regolazione in profondità ed altezza + antiganciamento.

DESCRIPTION OF MATERIALS:

STRUCTURE (side panels, tops, shelves, worktops and wall shelves): Constructed in wooden particle board panels Th 18, 25 or 35 mm, with low formaldehyde content (CARB P2), melamine-coated on 2 sides. Edges: in ABS or polypropylene (Th from 0.5 to 2 mm) or in melamine (Th 0.4 mm).

INSIDE BACK PANELS - DRAWER BOTTOMS: HDF board panels Th 3 mm, finished on one side by surface lacquering or application of wood-look printed paper.

"VOLO" HINGED DOORS AND DRAWER FRONTS: In chipboard panels Th 18 mm with low formaldehyde content (CARB P2), finished on 2 sides with decorative melamine. Edges finished by application of ABS edging Th 0.8 mm. Optional soft closing retainers hinged doors. Version with mirror: Th 4 mm mirror glued to the panel with double-sided tape.

"WINDOW" HINGE DOORS WITH GLASS

Supports and crossbeams in extruded anodised or electrocolour anodised aluminium. Tempered glass and mirror Th 4 mm. Optional soft closing retainers hinged doors.

SLIDING DOORS: In panel: Made from wooden particle board panels with low formaldehyde content (CARB P2) finished with melamine surface on 2 sides, Th 18 mm. **Mirror version:** With mirror Th 4 mm glued onto the panel and epoxy powder painted metal mounting frame at top and bottom or finished with decorative melamine. **Long side handles:** Anodized aluminium, painted or with decorative coating, with internal adjuster tie-bolts.

SLIDING DOOR (rails and carriages): Metal structure with travel height adjustment. Cushioned opening and closure devices are optional.

BED HEADBOARD AND FOOTBOARD COMPONENTS: Panels see "STRUCTURE". Details in stained or lacquered beech or aioux wood or MDF board with melamine finish.

FOAM MATTRESSES: Foamed polyurethane with fabric cover (see specifications in price list).

SPRING OR LATEX MATTRESSES: see specifications in price list.

BED BASES: Liquid or epoxy powder painted metal frame, birch plywood slats.

BACK CUSHIONS: Padding in pure polyester fibre. Inner cover 100% polyester. See specifications in price list for outer cover.

TABLES: With tops and extensions in particleboard, with low formaldehyde content (CARB P2) melamine on 2 sides, covered with decorative melamine and ABS top edges Th 0.8 mm. Wooden particle board base, 2-sided, Th 25 mm. Legs in beech wood stained or lacquered.

HANDLES: Wooden handles: wood-stained beech or ash. Plastic handles: Lacquered ABS or elastomer. Metal handles: anodised aluminium or metal alloy.

WOODEN CHAIRS: Wood-stained or lacquered beech frame. Seat in fabric or lacquered beech.

METAL CHAIRS: Painted metal frame. Shell, seat or back in polypropylene printed in the various colours.

METAL SUPPORTING ELEMENTS (legs, beams, desks, shelf holders, etc.): Epoxy powder painted steel. "EASY" system uprights in aluminium with rack mechanism.

OTHER PARTS: Hinges, locks and general hardware for assembly in metal. Drawer runners in metal. Wardrobe feet in metal (adjustable) or plastic (fixed). Drawer sides in wooden particle board panels (CARB P2) finished with PVC. Glass shelves in tempered plate glass. Shelf holders in galvanised sheet metal with depth and height adjustment + anti-detaching device.
